Lafayette Seafood Grotto- We're happy to see so many good things are happening at Panfili's Lafayette Seafood Grotto. Sonny Panfili is back working at his fish market for a few hours every afternoon! Welcome back Sonny!!
Sonny has been rehabilitating after the boating accident that occurred 2½ years ago.

His wife, Diane, has been running the Grotto single handedly for a year now and has just re-employed a very familiar "Grotto Face", Mike Heckman, as the new Manager.
With Sonny back to work watching over the Grotto, the new Manager and their new fish clerk, Bill Clark, it looks as though they're ready for what they hope to be a "Great Crab Season". The local season will open the second Tuesday in November.
When you want great seafood & friendly service, Panfili's Lafayette Seafood Grotto is where to go.
